Nos 242 and 248, dated 25th May, relating to the qualification tests for employment in the Civil and Political Departments of the Staff Corps, it is hereby notified that all Officers actually in Civil or Political employ on or before the 1st January 1862 are exempt from the application of the Rules therein laid down.

The following Circular issued by the Government of India in the Home Department is published for the information and guidance of all public Officers :—

Circular from E. C. BAYLEY, Esq., Secretary to the Government of India, Home Department, to the Secretary to the Government of Bengal, (No. 941, dated Simla, the 18th June 1864.)

THE Governor General in Council finds it necessary again to call attention to the Rules of the Electric Telegraph Department applicable to Service Messages.

2. The periodical inspection of Service Messages undertaken in Calcutta shows that it is still a common practice on the part of Secretaries to Government, Heads of Departments, Officers Commanding Regiments, and other Public Officers to communicate regarding applications for leave of absence and applications for appointments by Telegraph on the Public Service.

3. Such communications are in fact very rarely required in the interests of the Public Service. In nine cases out of ten they are made for the private convenience of the party concerned, and therefore the messages ought not to be sent at the public expense.

4. If an Officer seeking leave or applying for an appointment desires to receive a reply by Telegraph he should pay for the reply himself, for no such message can properly be sent at the public expense, unless it be so sent because it is in good faith believed that the interests of the Public Service require it.

5. The extent of the evil which results from the irregular practice above noted may not readily strike an individual Public Officer who may perhaps only send one or two such messages in a month. The evil, however, is in reality a very great one, for the irregularity is found to be prevalent throughout India wherever Telegraphic communication is available, and thus probably not a day passes that Private Messages which have been paid for and messages which are really on the Public Service are not delayed in transit by the passage of some of these unpaid Private Messages improperly sent on the Public Service.

6. The difference between the Post Office and the Telegraph in this matter is obvious, though there is reason to suppose that it is not always borne in mind. No one communicating with Government or with any public functionary is entitled to expect a reply by Telegraph. *The Telegraph is an extraordinary means of communication which is not intended to be used in the transaction of public business, except on urgent and important occasions, and when the saving of time effected by the Telegraph is of real importance to the public interests: and it is of the utmost consequence to the interests of the general public, and also as regards the economical working of the Telegraph, that this rule should be rigidly observed by all Public Officers, and especially by those who hold posts of authority.*

7. Another common and very serious evil in communicating by Telegraph on the Public Service is the entire absence of any care to express the messages in the fewest possible words. It should be always borne in mind that a message should consist of as few words as are consistent with a clear rendering of its meaning. It cannot be too strongly impressed on Public Officers that communications by Telegraph must be conveyed in a style altogether different from that which is usual in Postal communications. Brevity, next to clearness, must be considered the most important consideration in Telegraphic Messages.

2. The Debentures will have a currency of twenty years, be transferable by endorsement, and carry interest at the rate of five (5) per cent. per annum from the 1st of January 1865, payable half-yearly, on the 30th June, and 31st December, at the Bank of Bengal.

3. The Loans are to be paid into the said Bank of Bengal in two instalments—that is, the first of forty per cent. on the 15th of September next, and the second of sixty per cent. on the 1st of November.

4. The Tenders are to be for the sum of Five Hundred Rupees and multiples thereof, and are to be forwarded, sealed and superscribed “Municipal Loan,” to the Secretary of the Justices of the Peace for the Town of Calcutta, at the Office, No. 1, Chowringhee Road, and will be received up to noon of the 31st August next.

5. Parties tendering must pay into the Bank of Bengal, to the credit of the Justices of the Peace, a sum equal to five per cent. of the amount tendered, the Bank receipt for which must accompany the Tender.

6. If the Tender be accepted, the deposit will be taken in part of the 1st instalment, but it will be forfeited if after acceptance of the Tender the balance of the first instalment be not paid on or before the date fixed for payment.

7. The deposit on Tenders which may not be accepted will be returned on application.

8. A Tender, however small, at a high rate will be accepted in preference to a Tender for a large amount at a lower rate; and in case of equality of Tenders above the amount required, a pro rata allotment will be made.

12TH MARCH 1864.

### NOTIFICATION.

It is hereby notified that as the present Capital of the Bank is insufficient to meet its requirements, in consequence of the increase of business, principally arising from the establishment of Branches subordinate to the Bank in various parts of the Bengal Presidency, the Directors have determined, under the authority vested in them by Section 6, Act IV. of 1862, to increase the Capital from one crore, nine lacs, ninety thousand, nine hundred and nine Rupees, to two crores and twenty lacs, by the issue of new Shares or consolidated Stock under the following conditions :—

1st.—Holders of old Shares will be entitled to claim new Shares at par, in the proportion of one Share for every Share of which they may be registered as Proprietors in the Books of the Bank. Registered Proprietors of consolidated Stock will, in like manner, be entitled to an equivalent amount of new Stock at par.

2nd.—Holders of Shares or Stock, whether in India or elsewhere, shall be allowed to the 15th day of August 1864 to claim the new issue. All Shares or Stock not claimed by the said date shall be at the disposal of the Directors, who shall cause the same to be sold for the benefit of the Bank, in such manner and at such times as they may deem expedient.

3rd.—Payments in one sum of the amount of Subscription on any whole, half, or quarter Share or Stock, to which any Proprietor may be entitled under this Notification, may be made, at any time, after the publication thereof. On all such payments, prior to the 30th June next, interest will be allowed, at the rate of 8 per Cent. per annum, from date of payment to the 30th June; and the Shares or Stock so paid up shall, thenceforward, be entitled to dividend. On all payments, made subsequent to the 30th June, interest will similarly be allowed (at the rate of 8 per Cent.) until the 31st December following, from which date the Shares or Stock so paid up shall, in like manner, become entitled to dividend.

4th.—The transfer Books will be closed from the 16th to the 31st of August 1864 inclusive. All Shares or Stock previously subscribed for, but on which the full amount of Capital shall not be paid by the last mentioned date, will lapse to the Bank and will be at the disposal of the Directors as provided in Clause 2.
